

Since 2012, LCEF has contributed \$480,954.31 in classroom grants, \$220,443.83 to support early literacy in Loudon County through the Imagination Library, \$161,749 in scholarships to assist students in secondary education, \$239,810 other miscellaneous educational projects and programs in the county for a total of over \$1,100,000 contributed. Over 70,000 students have received benefits from classroom grants. We have graduated over 7,000 children from the Imagination Library Program. Over 16,000 students have received Scholarships through the Education Foundation.

The Foundation has touched over 93,000 lives in the Loudon County Community in fourteen years. We couldn't have done it without you. Your support, your contributions, your volunteer hours – your participation.

Today I would like to ask you to join us as a Difference Maker. **Please join us in our campaign to raise one dollar a day for 180 days.** Why 180 days? That is the number of days in a school year. Your contribution will help us make a difference in education in Loudon County. That equates to \$15 a month for twelve months. **We need 200 donors to donate \$15 a month for twelve months to help us meet a goal of \$36,000 to ensure our ability to continue to support Classroom Grants, Classroom Supplies, Scholarships, Imagination Library and to offer the Leadership Loudon County to our community!**

**Won't you join us and support the mission of the Education Foundation by making a \$15 a month commitment? Use this link to make your first donation, and choose the \*make my gift re-occurring\* option.**

Legacy Giving has a reputation for being complex and fraught with technical tax issues. When approached with the right strategy, legacy giving is far from scary. It's normal to have questions about legacy giving, and that's where we can help. Join us to hear a short presentation on this type of planned giving. Legacy giving ensures donors will be remembered for their generosity and commitment to future generations.
